ENTRY INFORMATION

- Caps should be made of soft, stretchy material to be most comfortable for the recipient. Fleece, cotton, bamboo, and Tencel are recommended. Some acrylics and synthetic blends are also very soft. Chenille yarn should NOT be used.
- Recipients may sleep in caps; therefore, the yarn shouldn't be lumpy. Do not tie yarn together as knots can irritate the scalp.
- Caps should not be see-through as they won't protect from the sun, other elements, or mask hair loss.
- Caps should be machine washable and dryable.
- All entries must be brought in good condition.

NEW CLASSES
