ALL HEALTH REGULATIONS

ALL ANIMALS

- The animal health regulations of the Veterinary Division of the North Carolina Department of Agriculture and Consumer Services (NCDA&CS) will be strictly enforced, and decisions of the regulatory veterinarian concerning animal health status are final.
- All animals not meeting the entry requirements, that have an unthrifty nature or are in an unsuitable condition, and/or are exhibiting any signs of disease or illness (including obvious abscesses that are opened or closed, ringworm, sore mouth or any other signs of contagious disease) may be refused entry and will not be allowed in the barn/display, may be isolated and/or required to be returned to the farm of origin as determined by the regulatory veterinarian. Any questionable health problems will be referred to the regulatory veterinarian, show committee, and/or the State Veterinarian.
- During the duration of the Fair, all animals of unthrifty nature, unsuitable condition and/or exhibiting any signs of disease or illness or found not to have met entry requirements after entry may be required to be isolated and/or returned to the farm/premise of origin as determined by the regulatory veterinarian.
- The Fair staff works diligently to prevent diseased animals from entering the fairground, though owners should consider that animals may be exposed to infectious agents while at the Fair. It is a best management practice to keep exhibit animals returning from the Fair separate from your animals at home for 2-3 weeks. By isolating exhibited animals for this time, any animals exposed to disease while at the Fair should show signs of infection during this period. Once this period has passed, they can then be commingled with the animals that remained home.
- All livestock must have a form of identification (ear tag, tattoo, ear notch, or microchip readers must be supplied by owner) to enter the Fairgrounds. All sheep and goats must comply with USDA and NCDA&CS Scrapie Eradication Program guidelines. Sheep and goats without a scrapie tag or a registration paper with corresponding tattoo or microchip information at the time of check-in will not be allowed. Scrapie Flock ID numbers must be presented at the time of check-in before an approval card can be issued. The Scrapie Flock ID number is not the same as the National or State Premises ID number. To obtain a Scrapie Flock ID number, please see the Goat and Sheep entry requirements section.
- Drug and Chemical Compounds Policy for all NCDA&CS Sponsored Fairs, Exhibitions, and Events. The use of any drug and/or chemical compound in any manner that is not approved by the FDA, including but not limited to indications and directions on species, age, dosage amounts and/or withdrawal times, is illegal and prohibited.

ALL HEALTH REGULATIONS

ALL ANIMALS (CONTINUED)

- The owner, exhibitor, fitter, trainer, and/or other responsible person must notify show management before the animal is admitted to the livestock or poultry barns if the animal is being administered any drugs or chemical compounds. All treatments must be in accordance with approved FDA guidelines and used solely to protect the health of the animal. Acceptance of the animal for exhibition will be at the discretion of the animal superintendent and the show veterinarian. Approval will depend on factors such as the type of drug or chemical compound being used and proper justification from an accredited veterinarian who has a valid veterinarian–client–patient relationship. Under no circumstances will livestock or poultry be allowed to exhibit if the use of any drug or chemical compound affects the animal’s performance or appearance at the event.
- Owners, exhibitors, fitters, trainers and/or responsible persons will be held accountable for the presence of any violative drug residue from their animal and subject to the disposition as specified below:
 - Findings of proof of intentional use of any drug or chemical compound in a manner described as illegal and prohibited by the Policy on use of Drugs and Chemical Compounds will result in immediate disqualification and forfeiture of all premiums and prizes.
 - If proof of intentional use of any drug or chemical compound in an illegal and prohibited manner cannot be found on an animal that has been demonstrated by the above detailed laboratory methods to have the presence of such a substance, a first-time offense for a positive test will result in immediate disqualification, and forfeiture of all premiums and prizes. A second-time offense by that exhibitor for any drug or chemical compound in a manner described as illegal and prohibited will result in immediate disqualification and forfeiture of all premiums and prizes.
- Drug testing at the Fair may include, and is not limited to, the following drugs: Acepromazine, Albuterol, Altrenogest, Azaperone, Balbuterol, Boldenone, Bumetanide, Chlorpromazine and all other tranquilizers, Clenbuterol, Dexamethasone, Flumethasone, Flunixin, Furosemide, Isoetharine, Isoflupredone, Flumethasone, Methylprednisolone, Nandrolone, Paylean (labeled for swine only), Phenylbutazone, Optiflex (labeled for feedlot cattle only), and Terbutaline. Paylean and Optiflex are illegal for use in sheep and goats.

RELEASE TIME

- Sunday, October 11 at 8 p.m.

RULES AND REGULATIONS

- Goats may arrive for early check-in on Friday, October 9 from 9 p.m. to 11 p.m. **NO EXCEPTIONS.** Entrance to the barn outside these times will be prohibited.
- Competition is open to the world for animals registered or recorded in the American Dairy Goat Association, American Goat Society, or the Canadian Goat Society. This show is sanctioned by the American Dairy Goat Association for the following breeds: Nubian, Oberhasli, Saanen, Recorded Grades, Toggenburg, Alpine, LaMancha. Show order will be as follows: Alpine, LaMancha, Nubian, Oberhasli, Saanen, Toggenburg, and Recorded Grade (the order of show is subject to change). All rules that are governed by ADGA shall be followed and enforced. All Livestock Rules and Regulations apply to the Dairy Goat Show.
- **ENTRIES CLOSE SEPTEMBER 25. NO ENTRIES ACCEPTED ON SHOW DAY.**
- To allow the greatest number of exhibitors to participate, entries will initially be limited to 20 animals per family. For this purpose, immediate family members who hold memberships in the American Dairy Goat Association (ADGA) will be considered one family and one exhibitor. For example, a husband, wife, and child who each hold ADGA memberships—normally counted as three exhibitors by ADGA—will be considered one family and may enter a combined total of up to 20 animals in the Carolina Classic Fair Show. If the initial entries do not fill the available space for goats, a mailing will be sent to all exhibitors offering additional entry opportunities. If the initial entries exceed the available space, entries will be accepted on a first-come, first-served basis.
- Ages of the animals in the show will be computed from October 12, 2026. Senior does and junior does shown.
- Any questionable health problems will be referred to the Show Committee and/or the State Veterinarian. Animals with obvious abscesses will not be allowed in the barn.
- All entries must comply with both ADGA and Carolina Classic Fair rules. Exhibitor must be thoroughly familiar with both.

ENTRY INFORMATION

RULES AND REGULATIONS

- Exhibitors may enter online or use the official entry form and include the goat's tattoo and registration number. List the class number in which the animal will be shown and indicate any group classes an animal is to enter. In order to be shown in a group class, the doe must have competed in her individual class, and the group may not be shown unless all animals are pre-entered in a group class.
- Substitutions of animals will be allowed. Limit two (2) per exhibitor.
- A registration paper or a stamped duplicate (as approved by ADGA) is required for each animal. Proof of ownership shall be the name on the registration or recordation certificate. No signed transfers will be accepted.
- No exhibitor may win more than two premium monies in one class.
- Each exhibitor will be limited to one premium payment in each of the group classes.
- Entry in the Champion Challenge class is open to permanent champions only. Qualification must be by registration/recordation or certification by the American Dairy Goat Association. Champion Challenge competitors shall NOT be foreclosed from group and progeny classes. Shifts from regular classes to Champion Challenge may be made (with proof of qualification) any time before the beginning of judging of breed.
- When completing entry blank, Department letter is E, the class number depends on the Breed and Class the animal is shown in.
- If doing paper entries, a separate entry must be submitted for Junior Show and Senior Show (Junior Show is defined as age of the goat, not the exhibitor).
- **DO NOT ENTER CHAMPIONSHIP CLASSES, EXCEPT CHAMPION CHALLENGE.**
- If entering more than one breed, please group all animals together by breeds.
- Exhibitors are requested to dress according to ADGA rules.
- Animals may enter the barn after 8 a.m. Saturday, October 10. If space is available animals will be accepted on October 10 from 9 to 11 a.m. No animals will be allowed to enter the barn after 11 a.m. on October 10.
- All exhibitors are responsible for their own property. In no case shall the Carolina Classic Fair be held responsible for any loss, theft, death by, or at any other time or place, regardless of the cause of such loss or damage. All entries are subject to this rule and there will be absolutely no exceptions.
- There will be no pre-show milkout.
- All decisions of the judge are final.
- This show is sanctioned for Junior Does and Senior Does separately.
- Premier Breeder and Exhibitor includes Junior and Senior Does.
